

THEJUS ENGINEERING COLLEGE, VELLARAKKAD, THRISSUR

January 30, 2020

CIRCULAR

Subject: Increase in bus charges – reg.

Attention is invited to circular dated January 16, 2020 on the above subject. Representations have been received from the students and parents on the sudden increase in the bus charges and the Students Union also has met and discussed the matter with the management. While the quantum of increase in the charges has not been a matter of much concern, the issue was mainly about the increase without sufficient prior notice.

Considering the difficulties faced by the students and parents, it is decided to postpone the increase of bus charges till the beginning of next academic year.

Students should pay the existing bus fees for availing the bus facility during the current semester. Those who have already paid the revised / increased bus charges may claim the refund by producing the cash receipt issued to them.

Those who have not yet paid the bus fees for the even semester 2019-20 are requested to pay the fees immediately and obtain the bus pass latest by February 05, 2020. Students travelling by the College bus without having valid bus passes shall be liable to pay hefty fine, in addition to the bus fees as applicable.

(K. Kunhikrishnan)
Director
